Minor Patients

Patients under the age of 18 must be accompanied to their new patient appointment by their legal guardian. If the patient's legal guardian is not their biological parent, appropriate legal documentation of guardianship is required prior to the patient being seen in our office.

In addition, at the time of the new patient visit, the parent/guardian of all minor patients must provide their driver's license to be copied into our medical record system.

The following consent must be signed prior to the patient being seen in our office:

Minor Consent for Care

I, _____, the parent/guardian of, hereby authorize Erin V. Stoehr, DO PLLC to provide medical treatment and care to _____ (minor patient's name).

I, hereby authorize medical treatment and care when I am not able to accompany _____ (minor patient's name) to her appointments. I authorize consent to be valid for this minor child until she is 18 years of age. I understand it is my responsibility to inform the office if I no longer want to authorize consent for Dr. Stoehr to treat my child.

Parent/Guardian: _____

Patient/Minor Signature: _____
